The time has come for one of the highlights of our year – the 6th annual MAD UK Golf Day. Foxhills' internationally acclaimed championship course will play host for a 3rd time.

We have much to be proud of, during the past two years we have doubled the number of students in the MAD Individual Programme. This is incredible if you consider that we only accept a student once sufficient funds are secured to cover the majority of all costs through to the end of tertiary education. This has only been possible because of your amazing help. In fact, even in these difficult times, support has increased during the past year!

A special word of thanks to the loyal supporters of the Foundation and in particular our main sponsors Investec Asset Management, Mayer Brown and Enstar.

In 2009 we will continue to invest in and improve on the beneficiary programme, ensuring that our students excel and reach their full potential as future leaders. The main focus is to expand and develop our Northern Region and KZN Beneficiary Programmes.

Our students consistently do us proud by excelling beyond expectations. Highlights include Spencer Horne and Kylie Marais, currently studying 'A' Levels at The African Leadership Academy, who were selected to speak on the same podium as Archbishop Desmond Tutu at the ALA's Inaugural Ceremony this year. Banele Booi commenced his studies at Wesleyan University in Connecticut, USA, in November 2007, and joined a group of MAD students who were chosen to attend the inspiring Global Youth Leadership Summit in America. Their enthusiasm was infectious and they were ambassadors to be proud of.

Matt Damon, Morgan Freeman and Clint Eastwood were in South Africa recently to film "The Human Factor". It examines Nelson Mandela's attempts to unify the country after apartheid by focusing on the South African rugby team's 1995 World Cup triumph. I was honoured to relive this iconic moment of South African history with them and in addition, am forever grateful for their unbelievable support of MAD and the 'Mountain to Mountain' charity drive. Along with rugby legends Scott Gibbs, Johann Styger, Hennie Le Roux and MAD Member Dominic Silvester, I climbed Kilimanjaro. Directly after our return to South Africa I was joined by Matt Damon and his brother Kyle, both of whom shared a particularly brutal physical high with me, namely the 108km Argus Pick 'n Pay Cycle Tour. The 'Mountain to Mountain' initiative raised a staggering R1.1m. This kind of MADness personifies what we stand for and I cannot thank our sponsors, helpers and friends enough for their continued support.

I will leave you with some words of wisdom from one of our truly inspiring scholars, Awonke Nontshinga, a law student at Stellenbosch University:

"I would like to extend a word of great appreciation from myself and my family. This fantastic experience had 'Make A Difference' written all over it. You are the people I strive towards becoming and Make A Difference is the concept I strive towards fulfilling."

To all other MAD beneficiaries, I quote, 'Success only comes before work in the dictionary.' Give school and life all that is within you and you will get the best out, because only the best is within each and every one of you.

I think the same could be said of us all.

I look forward to us sharing in our MADness today, tomorrow and in the years to come!

## MAD UK Charity Golf Day Honorary Patron and Rugby Legends

The Foundation is honoured to enjoy the loyal support of some of the world's top sportsmen, including:

Retief Goosen has been the honorary patron of the MAD UK Golf Day since inception in 2004. Retief has once again pledged his support and is hopeful of returning again this year. The Foundation would like to congratulate Retief on his recent winnings.

2008 season: Goosen won the Asian Tour's Iskandar Johor Open and thereby extended his streak of winning a professional golf event every year since 1995.

2009 season to date: His game was on the rise in 2009, with two wins on two major tours. Goosen won his second event in four worldwide starts on the Sunshine Tour at the Africa Open in January, where he came from behind to win by one stroke over four players and take the trophy. He then won his seventh PGA Tour title at the Transitions Championship in March 2009, beating Charles Howell III and Brett Quigley by one stroke. This win vaulted Goosen to number 22 in the Official World Golf Rankings, his highest position since November 2007.
